

IH Servo Drive Pack

YSD1-*-*_*-**-20**

YSD2/YSD3-*-*_*-**-****-30**

Notice of Model Change

We hereby announce the model change of IH servo drive pack as described below following the discontinuation of production of its servo motors by the electric motor manufacturer

■What Changed

- There has been an overall change of the servo motors and servo packs
- 1.8kW output model of the servo motor and servo pack has been converted into 2.4kW output model
- Connector shape of encoder cable has been changed

■Affected Models

Type	Old Model Number	New Model Number
IH Servo Drive Pack System	YSD1-*-***_*-**-10	YSD1-*-***_*-**-20
	YSD2-*-***_*-**-****-20	YSD2-*-***_*-**-****-30
	YSD3-*-***_*-**-****-20	YSD3-*-***_*-**-****-30
IH Servo Drive Pack Pump and Motor Subassembly	N-YSD1-*-***_*-**-10	N-YSD1-*-***_*-**-20
	N-YSD2-*-***_*-**-****-20	N-YSD2-*-***_*-**-****-30
	N-YSD3-*-***_*-**-****-20	N-YSD3-*-***_*-**-****-30

■Interchangeability between Old and New Products

Pumps are interchangeable since old and new model pumps have not been changed.
Old and new models of servo motors, servo packs, and encoder cables are not interchangeable.
Therefore set replacement is required when replacing old parts with new ones.

■Detailed Description of Change

Please, refer to the separate catalogue for the details of this model change.
JC-1015-4 IH Servo Drive Pack (revised edition)

■Timing of Release

August 2014 (already released)
