

Power Amplifiers for 40Ω Series Flow Control Valves AME-D-40-*-41

Notice of Model Change

We are pleased to announce that the power amplifiers for 40Ω series flow control valves, highly appreciated as proportional solenoid flow control valves, have been remodeled, and their design number has been changed from 40 to 41.

■Description of the Change

Due to the change of an internal board, the design number of these valves has been changed to distinguish between the old and new models.

■Applicable Models

Name	New Model Number	Old Model Number
Power Amplifiers for 40Ω Series Flow Control Valves	AME-D-40-*-41	AME-D-40-*-40

■Interchangeability in appearance, installation, and performance between Old and New Models

This model change does not involve any changes to the appearance, installation, or performance of these valves.

■Timing of Release

Already released in the end of January 2015.
